SUMMARY

I am an international transfer student from China. I get A/A+ on all classes so far, and I like programming. Writing may be difficult for me. I am familiar with Unity/Unreal engine and made some games/VR experience before. Also, I am currently an executive of MUVR, a student academic organization.

SKILLS

- Program coding (c, c++, c#)
- Simple web dev, including html, css, javascript, php, sql
- Familiar with Unity/Unreal engine
